

Burnup credit in Atomic Energy Research (AER) conferences (1997 - 2007)

985. L. Markova, Results of the CB1 burnup credit criticality benchmark calculations, 7th Symposium AER, Zittau, 1997.
986. L. Markova, *Calculational burnup credit benchmark No.2 (CB2)*, 7th Symposium AER, Zittau, 1997.
987. L. Markova, *The present state of the VVER burnup credit benchmark calculation*, WG "E" AER, Stolpen 1998
988. E. Tinkova, *HELIOS results of the first two calculational VVER burnup benchmark CB1 and CB2*, WG "E" AER, Stolpen 1998
989. P. Mikolas, *Contribution to the CB1 burnup credit criticality benchmark calculation*, WG "E" AER, Stolpen 1998
990. L. Markova, *Continuation of the VVER burnup credit benchmark: Evaluation of CB1 results, overview of CB2 results to date and specification of CB3*, 8th Symposium AER, Bystrice n. Pernstejnem, 1998
991. Y. N. Kravchenko, *Benchmark calculation of fuel burnup and isotope composition of VVER-440 spent fuel*, 8th Symposium AER, Bystrice n. Pernstejnem, 1998
992. A. Tanskanen, *Calculation of the CB1 burnup credit benchmark reaction rates with MCNP4BB*, 8th Symposium AER, Bystrice n. Pernstejnem, 1998
993. V. Chrapciak, *Review of benchmarks for VVER-440 fuel*, WG "E" AER, Rheinsberg, 1999
994. L. Markova, *Report on the continuation of the VVER BUC benchmark*, WG "E" AER, Rheinsberg, 1999
995. P. Mikolas, *Some results of calculational burnup credit benchmarks*, WG "E" AER, Rheinsberg, 1999
996. V. Chrapciak, *Calculation of the CB3 burnup credit benchmark with the SCALE 4.3 code*, WG "E" AER, Rheinsberg, 1999
997. V. Sidorenko, *Solution of the benchmark problem of fuel burnup and isotope composition of VVER-440 spent fuel*, 9th Symposium AER, Demanovska dolina, 1999
998. L. Markova, *CB2 result evaluation*, 9th Symposium AER, Demanovska dolina, 1999
999. M. R. Gual, *Result of the isotopic concentrations of VVER calculational burnup credit benchmark No.2 (CB2)*, 9th Symposium AER, Demanovska dolina, 1999
1000. V. Chrapciak, *Calculation of the Sm149 in burnup credit benchmark CB2 by the SCALE 4.3 code*, WG "E" AER, Rez 2000
1001. L. Markova, *Final evaluation of CB2 results*, WG "E" AER, Rez 2000
1002. L. Markova, *Preliminary evaluation of CB3 results*, WG "E" AER, Rez 2000
1003. J. Svarny, *Some problems of 3D calculations of SKODA 440/84 transport cask and CB3 burnup credit benchmark*, WG "E" AER, Rez 2000
1004. P. Mikolas, *A simplified solution of the benchmark problem of fuel burnup and isotopic composition of VVER-440 spent fuel*, WG "E" AER, Rez 2000
1005. V. Chrapciak, *Calculations of criticality, nuclide compositions, decay heat, sources and shield for VVER-440 fuel by new version of the SCALE 4.4 code*, 10th Symposium AER, Moscow, 2000
1006. M. R. Gual, *The calculational VVER burnup credit benchmark No.3 results with the ENDF/B-VI rev.5*, 10th Symposium AER, Moscow, 2000
1007. J. Svarny, *Loading curve calculation methodology in SKODA JS*, WG "E", Modra, 2001

1008. P. Mikolas, *An influence of fuel burnup on criticality of container VVER-440 inner structure*, WG "E", Modra, 2001
1009. J. Svarny, *Analysis of the end effect*, WG "E", Modra, 2001
1010. G. Hordosy: *Results of the CB3+ burnup credit benchmark*, WG "E", Modra, 2001
1011. L. Markova, *Specification of the CB4 burnup credit benchmark*, WG "E", Modra, 2001
1012. F. Wasastjerna, *Finnish contribution to the CB4 burnup credit benchmark*, 11th Symposium AER, Csopak, 2001
1013. G. Hordosy, *Final evaluation of the CB3+ burnup credit benchmark addition*, 11th Symposium AER, Csopak, 2001
1014. G. Hordosy: *Effect of the spatial change of the fuel assembly burnup on the criticality of a conceptual compact storage pool*, WG "E" AER, Rez 2002
1015. V. Chrapciak, P. Mikolas, *Evaluation of horizontal burnup profile for VVER-440 fuel assembly*, WG "E" AER, Rez 2002
1016. J. Svarny, *MCNP cask modeling, CB4 benchmark results*, WG "E" AER, Rez 2002
1017. L. Markova, *Preliminary evaluation of CB4 results*, WG "E" AER, Rez 2002
1018. J. Kyncl, *A note on CB4 benchmark*, WG "E" AER, Rez 2002
1019. T. Marek, *Basic analyses of k_{inf} sensitivity to depletion parameters and burnup*, WG "E" AER, Rez 2002
1020. J. Svarny, *Axial burnup profiling and end effect*, WG "E" AER, Rez 2002
1021. P. Mikolas, *Creation of database of spent fuel isotopic composition for VVER-440*, WG "E" AER, Rez 2002
1022. M. Manolova, *VVER-1000 burnup credit benchmark (CB5)*, 12th Symposium AER, Sunny Beach, 2002
1023. Y. Kovbasenko, *Comparative analysis of multiplying properties of VVER-440 spent fuel depending on assembly layout in the reactor core and their operation conditions*, 12th Symposium AER, Sunny Beach, 2002
1024. L. Markova, *Sensitivity study applied to the CB4 VVER benchmark on burnup credit*, WG "E", Modra, 2003
1025. V. Chrapciak, *The numerical benchmark CB5*, WG "E", Modra, 2003
1026. A. Ranta-aho, *Testing of CASMO-4 and MONTEBURNS 1.0 against Takahama-3 and Fukushima-Daini-2 post-irradiation examinations*, 14th Symposium AER, Baltic Sea Cruise, 2004
1027. R. Prodanova, *Detailed quantitative analysis of nuclear inventory in a real WWER-1000 spent fuel assembly from Kozloduy NPP*, 14th Symposium AER, Baltic Sea Cruise, 2004
1028. A. Ranta-aho, *Isotopic composition and criticality safety calculation system at VTT*, WG "E", Modra, 2005
1029. P. Mikolas, *Importance of technological uncertainties in criticality calculations*, WG "E", Modra, 2005
1030. V. Chrapciak, *Calculations of criticality, nuclide compositions, decay heat and sources for VVER-440 fuel by new version of the SCALE 5 code*, 15th Symposium AER, Znojmo 2005
1031. R. Prodanova, *Calculation of VVER-440 nuclide benchmark (CB2)*, 15th Symposium AER, Znojmo 2005
1032. A. Ranta-aho, *Validation of depletion codes against Novovoronezh 4 spent fuel measurements*, WG "E", Hrotovice, 2006
1033. V. Chrapciak, *The reactivity worth of the capturing isotopes for a VVER-440 assembly*, WG "E", Hrotovice, 2006

1034. P. Mikolas, *VVER-440 fuel assemblies reactivity in dependence on burnup and boric acid content in wet spent fuel pool*, WG "E", Hrotovice, 2006
1035. V. Chrapciak, *The analyses of measured nuclide concentration in project ISTC 2670*, 16th Symposium AER, Bratislava, 2006
1036. G. Hordosy, *Composition Calculations by the KARATA code system for the spent fuel samples from the Novovoronezh reactor*, 16th Symposium AER, Bratislava, 2006
1037. M. Manolova, *Validation of SCALE depletion calculations against VVER experimental data*, 16th Symposium AER, Bratislava, 2006
1038. R. Prodanova, *Calculation of isotope composition of WWER-440 spent fuel assembly by the NESSEL-NUKO code system on the basis ISTS burn-up credit project data*, 16th Symposium AER, Bratislava, 2006
1039. V. Chrapciak, *Methodology for burnup credit application for VVER-440 reactors in Slovakia*, 16th Symposium AER, Bratislava, 2006
1040. F. Havluj, *Bounding approach in BUC implementation in pool at VVER-440*, 16th Symposium AER, Bratislava, 2006
1041. E. Warnecke, *Criticality safety/burnup credit issues*, WG "E", Modra 2007
1042. M. Anttila, *Status report on VTT's calculation system for spent fuel, Radwaste and Decommissioning studies*, WG "E", Modra 2007
1043. V. Chrapciak, *Comparison criticality calculation in SCALE 5.1 by NITAWL and CENTRM*, WG "E", Modra 2007
1044. P. Mikoláš, *Comparison of calculated and measured isotopic composition of VVER-440 FA samples*, WG "E", Modra 2007
1045. L. Marková, *Simplified Benchmark Specification Based on #2670 ISTC VVER PIE*, WG "E", Modra 2007
1046. F. Havluj, *KENO VI and HELIOS Depletion Calculations Simulating #2670 VVER PIE Sample Irradiation*, WG "E", Modra 2007
1047. V. Chrapciak, *SCALE 5.1 - criticality and inventory calculation for VVER-440 fuel*, 17th Symposium AER, Jalta, 2007
1048. F. Havluj, L. Marková, *Simplified benchmark based on #2670 ISTC VVER PIE - specification and preliminary results*, 17th Symposium AER, Jalta, 2007
1049. O. Dudka at, *Use of the axial burnup profile at the nuclear safety analysis of the VVER-1000 spent fuel storage in Ukraine*, 17th Symposium AER, Jalta, 2007
1050. K. Kamenov, *WWER-1000 nuclide inventory at the Kozloduy NPP*, 17th Symposium AER, Jalta, 2007
1051. V. Chrapciak, *Methodology for burnup credit application for VVER-440 reactors*, COVERS meeting, Dresden, 2007
1052. P. Mikoláš, *VVER-1000 Burnup Credit Benchmark (CB5) calculated by WIMS9 code*, WG "E", Rez, 2008
1053. L. Markova, *VVER-1000 CB5 benchmark TRITON calculation*, WG "E", Rez, 2008
1054. V. Chrapciak, *SCALE 5.1 - inventory and criticality calculation of Gd-II fuel (VVER-440)*, WG "E", Rez, 2008
1055. V. Ducháček, *Package design approval in the Czech Republic and BUC implementation*, WG "E", Rez, 2008
1056. I. Ivanova, *Calculation results of AER benchmark based on experimental data*, WG "E", Rez, 2008
1057. M. Manolova, *VVER-1000 burnup credit benchmark (CB5), new results evaluation*, 18th Symposium AER, Eger, 2008
1058. F. Havluj, *Updated results of simplified benchmark based on 2670 ISTC VVER PIE*, 18th Symposium AER, Eger, 2008

1059. G. Hegyi, *Solution of the Dimitrovgrad fuel composition benchmark with the KARATE-440 code system*, 18th Symposium AER, Eger, 2008
1060. F. Havluj, *Database of publicly available VVER PIE data*, 18th Symposium AER, Eger, 2008
1061. V. Chrapciak, *International consortium for PIE measurement of VVER-440 fuel*, 18th Symposium AER, Eger, 2008
1062. G. Hordosy, *Applicability of publicly available critical experiments for burnup credit validation*, WG "E", Modra, 2009
1063. V. Chrapciak, *BUC implementation in Slovakia*, WG "E", Modra, 2009
1064. V. Chrapciak, *SCALE 6 criticality calculation for VVER-440 fuel*, 19th Symposium AER, Constantine and Elena resort, Bulgaria, 2009
1065. G. Hordosy, *Burnup credit calculation on long term disposal*, 19th Symposium AER, Constantine and Elena resort, Bulgaria, 2009
1066. V. Chrapciak, *BUC implementation in Slovakia*, workshop on BUC, Cordoba, 2009
1067. P. Mikolas, *Simulation of Low-Enriched Uranium (LEU) Burnup Russian VVER-1000 Reactors with the WIMS code*, WG "E", Rez, 2010
1068. V. Chrapciak, *SCALE 6 and HELIOS Inventory Verification Calculation of fuel VVER-440*, WG "E", Rez, 2010
1069. R. Zajac, *Impact of Burnable Absorber Gd on Nuclide Composition of fuel VVER-440 (Gd2) - part 1*, WG "E", Rez, 2010
1070. L. Markova, *CB6 Benchmark Focused on VVER-440 Spent Fuel Disposal*, WG "E", Rez, 2010
1071. R. Zajac, *Impact of Burnable Absorber Gd on Nuclide Composition of fuel VVER-440 (Gd2) - part 2*, 20th Symposium AER, Helsinki, 2010
